COMMUNICATION

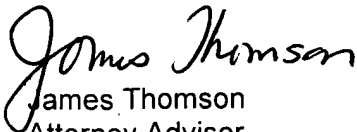

Applicants identified the international application as PCT/US2003/005347 on the transmittal letter (PTO-1390) filed in the above-captioned application on 09 June 2005. As such, the Office processed the application as the national stage of PCT/US2003/005347.

However, the international publication filed by applicants with the original papers is for PCT/GB2003/005347. WIPO records show that the title and applicants of the subject application correspond to PCT/GB2003/005347.

Applicants submitted a new transmittal letter on 03 February 2009 listing the international application as PCT/GB2003/005347. This is not sufficient. A petition pursuant to 37 CFR 1.182 is required to correct the papers submitted with the requisite \$400.00 petition fee.

Applicants have **TWO (2) MONTHS** to respond. Extensions of time are available. Failure to respond will result in the **ABANDONMENT** of the application.

Any further correspondence with respect to this matter may be filed electronically via the USPTO EFS-Web, by facsimile to (571) 273-0459, or if mailed addressed to Mail Stop PCT, Commissioner for Patents, Office of PCT Legal Administration, P.O. Box 1450, Alexandria, Virginia 22313-1450.
